

EEA Financial Mechanism, Small Grant Scheme “Capacity Building in the Field of Research and Measures for Enhancing Society’s Understanding about Climate Change and its Consequences”

Priority sector: Adaptation of Climate Change

Programme title: National Climate Policy LV02

Programme operator: Ministry of Environmental Protection and Regional Development

Project No, Contract No. and date	Project title	Project promoter	Project partners	Approval date, duration of project	Total eligible expenses, EUR	Programme financing, EUR	Project promoter co-financing EUR	Summary/Objective	Implementati on place	Contacts
Project No. 2/EEZLV02/14/GS/045 Contract No. 2/EEZLV02/14/GS/045/013 24.04.2015.	Promoting sustainable environmental management policies for the SME sector	"Demarsch" Ltd.	Ostfold University College (Norway), Ekodoma Ltd. (Latvia)	23.02.2015./ 24.04.2015. - 30.04.2016.	122 165,00	103 840,00	18 325,00	The project aims to create an e-training to implement an environmental policy in SME (small and medium enterprises) and to raise awareness of Climate and Environmental issues and educate the target audience.	Latvia	Ance Snikere, Tel. +371 29925262, ance@demarsch.lv
Project No. 2/EEZLV02/14/GS/020 Contract No. 2/EEZLV02/14/GS/020/016 07.05.2015.	Training on climate and energy management issues for municipalities and different industries	"Ekodoma" Ltd	Ostfold University College (Norway), Salaspils Municipality, Saldus Municipality, Jurmala City council (Latvia)	20.02.2015./ 07.05.2015. - 07.07.2016.	83 894,00	71 309,00	12 585,00	The project aims to develop framework of training materials, training program and module, to organize 4 trainings and to publish training material (book).	Latvia	Linda Drukmane, Tel. + 371 67323212, linda.drukmane@ekodoma.lv
Project No. 2/EEZLV02/14/GS/032 Contract No. 2/EEZLV02/14/GS/032/009 17.04.2015.	Development of a training course and study program module „Socio-economic aspects of the climate technology for bioeconomy sector	Riga Technical University Institute of Energy Systems and Environment (IESE)	University of Bergen (Norway)	20.02.2015./ 17.04.2015. - 30.04.2016.	193 141,00	163 952,00	29 189,00	The aim of the project is the establishment of an innovative training system about social and economic aspects of the climate change, based on the analysis of the biological economics development analysis. A training course is going to be elaborated as a module of engineering syllabus for the improvement of specialists' comprehension about the climate change forecasting analysis models, their application possibilities and state development in the biological economics characterization aspect.	Latvia	Dagnija Blumberga, Tel. +371 29419783, dagnija.blumberga@rtu.lv
Project No. 2/EEZLV02/14/GS/062 Contract No. 2/EEZLV02/14/GS/062/002 12.03.2015.	Increasing capacity of electronic materials about climate changes in rural areas	Latvia University of Agriculture	NGO "Innovation Circle Network" (Norway)	23.02.2015./ 12.03.2015. - 30.04.2016.	86 912,00	73 875,00	13 037,00	The project aims to develop high quality electronic learning modules about climate changes and its mitigation tool in rural areas, thus improving the information transfer between researchers and students.	Latvia	Nauris Pauliņš, Tel. +371 63005703, nauris.paulins@llu.lv

EEA Financial Mechanism, Small Grant Scheme “Capacity Building in the Field of Research and Measures for Enhancing Society’s Understanding about Climate Change and its Consequences”

Priority sector: Adaptation of Climate Change

Programme operator: Ministry of Environmental Protection and Regional Development

Project No, Contract No. and date	Project title	Project promoter	Project partners	Approval date, duration of project	Total eligible expenses, EUR	Programme financing, EUR	Project promoter co-financing EUR	Summary/Objective	Implementation place	Contacts
Project No. 2/EEZLV02/14/GS/054 Contract No. 2/EEZLV02/14/GS/054/007 09.04.2015.	Development and organization of training courses for professional audiences about prevention of climate changes and reduction of Greenhouse Gases using Renewable Energy Sources	NGO "Latvian Renewable Energy Federation"	Norsk Energi (Norway)	16.02.2015./09.04.2015. - 30.04.2016.	50 261,00	45 235,00	5 026,00	The project aims to develop and organize training - practical seminars to professional audiences about climate change and GHG reduction from RES and to develop informative materials for training, including 5 informative booklet on tackling climate change and GHG reduction through AER, preparation and approbation.	Latvia	Andis Kārkliņš, Tel.+371 29425176, andis.karklins@apollo.lv
Project No. 2/EEZLV02/14/GS/063 Contract No. 2/EEZLV02/14/GS/063/005 30.03.2015.	Climate education for all	NGO "Green Liberty"	Grid-Arendal (Norway), University of Latvia (Latvia)	23.02.2015./30.03.2015. - 31.08.2016.	184 821,00	166 339,00	18 482,00	The project aim is development of the study programmes and materials for education on climate change, as well as organizing training for different professional audiences - local government representatives and educators.	Latvia	Jānis Brizga, Tel.+371 29118112, janis@zalabriviba.lv
Project No. 2/EEZLV02/14/GS/016 Contract No. 2/EEZLV02/14/GS/016/003 16.03.2015.	Climate Change in Latvia – an Opportunity and a Challenge?	NGO Society "homo ecos:"	Grid-Arendal (Norway)	16.02.2015./16.03.2016. - 30.04.2016.	170 809,00	153 728,00	17 081,00	The project aims to implement a creative informative campaign and interdisciplinary educational activities, therefore promoting active engagement in reducing climate change, and active participation in climate adaption policy implementation.	Latvia	Santa Krastiņa, Tel.+371 26326333, office@homoeecos.lv
Project No. 2/EEZLV02/14/GS/056 Contract No. 2/EEZLV02/14/GS/056/006 30.03.2015.	Green Mission: Climate	Foundation "Ventspils High Technology Park"	International Development Norway (Norway), Aspired Ltd. (Latvia)	23.02.2015./30.03.2015. - 30.09.2016.	189 403,00	166 035,00	23 368,00	Project aim is to educate, inform and promote Latvian pupils' and educational staff's awareness and knowledge of climate change by using and integrating alternative educational approaches and methods and by organizing interdisciplinary technical and practical workshops in schools.	Latvia	Ivars Eglājs, Tel.+371 63664934, ivars.eglajs@vatp.lv
Project No. 2/EEZLV02/14/GS/026 Contract No. 2/EEZLV02/14/GS/026/004 19.03.2015.	Promotion of E-mobility in Latvia for Climate Change Mitigation	NGO "Baltic Environmental Forum - Latvia"	Enmira AS (Norway), Ardenis Ltd., NGO "Latvijas Riteņbraucēju apvienība", NGO "Vides Fakti" (Latvia)	16.02.2015./19.03.2015. - 30.04.2016.	132 301,00	119 070,90	13 230,10	The project aims to implement an information campaign to enhance public knowledge and understanding of e-mobility related issues.	Latvia	Kristīne Sēnele, Tel.+371 6735 7559, kristine.senele@bef.lv

Project No, Contract No. and date	Project title	Project promoter	Project partners	Approval date, duration of project	Total eligible expenses, EUR	Programme financing, EUR	Project promoter co-financing EUR	Summary/Objective	Implementati on place	Contacts
Project No. 2/EEZLV02/14/GS/058 Contract No. 2/EEZLV02/14/GS/058/014 28.04.2015.	Research “Regional strategy on reduction of green-house gas emissions from buildings in largest cities in Kurzeme Planning region, using satellite imaging and state-of-the-art thermal auditing technologies”	Foundation "Ventspils High Technology Park"	IDN Research AS (Norway), Astrosat R&D Ltd. (Latvia)	20.02.2015./28.04.2015. - 31.10.2016.	149 657,00	131 718,00	17 939,00	The aim of the research is to develop a methodology by which municipality’s decision-makers will be able to plan a transparent building insulation measures, monitor maintenance costs, investments, and greenhouse gas (GHG), and CO2 emissions by using space technologies.	Latvia	Edgars Bērziņš, Tel. +371 283 105 94, edgars.berzins@vatp.lv
Project No. 2/EEZLV02/14/GS/022 Contract No. 2/EEZLV02/14/GS/022/001 09.03.2015.	Climate change impact on biodiversity of Baltic Sea coastal reefs	Latvian Institute of Aquatic Ecology	Tallinn University of Technology, Institute of Cybernetics, Wave Engineering Laboratory (Estonia)	16.02.2015./9.03.2015. - 30.04.2016.	88 208,00	74 977,00	13 231,00	The aim of the research is to link and as far as possible quantify pressures caused by climate change with biodiversity of coastal habitats. The project will result in 2 models adapted for research purposes, 6 data bases, 6 GIS layers, 2-3 indicator fact sheets.	Latvia	Juris Aigars, Tel.+371 67610850, juris.aigars@lhei.lv
Project No. 2/EEZLV02/14/GS/033 Contract No. 2/EEZLV02/14/GS/033/010 17.04.2015.	Development of bioeconomical model for sustainable use of biological resources in order to reduce climate changes and improve adaptation capacity (BIO-CLIMATE)	Riga Technical University Institute of Energy Systems and Environment (IESE)	University of Bergen (Norway)	20.02.2015./17.04.2015. - 30.04.2016.	189 725,00	160 932,00	28 793,00	The aim of the research is to develop scientifically-based tool for the modelling, medium / long term simulation, and policy assessment of Latvian bioeconomy and climate. The project will focus on a sustainable utilization of renewable natural resources, specifically the biological ones, aiming at the greatest added value and the least impact on the environment, including climate change.	Latvia	Andra Blumberga, +371 29516506, andra.blumberga@rtu.lv
Project No. 2/EEZLV02/14/GS/046 Contract No. 2/EEZLV02/14/GS/046/008 14.04.2015.	The promotion of the knowledge and insight of the climate change caused by such anthropogenic processes as waste and wastewater management	NGO "Waste Management Association of Latvia"	NILU - Norwegian Institute for Air Research (Norway)	1.04.2015./14.04.2015. - 30.04.2016.	91 411,00	82 270,00	9 141,00	The aim of the project is to develop education programme for representatives of the municipalities, experts of the environment, waste and water and Regional Environmental Boards about reduction of the GHG from waste management.	Latvia	Ināra Teibe, Tel.+371 29443292, inara.teibe@gmail.com

EEA Financial Mechanism, Small Grant Scheme “Capacity Building in the Field of Research and Measures for Enhancing Society’s Understanding about Climate Change and its Consequences”

Priority sector: Adaptation of Climate Change

Project No, Contract No. and date	Project title	Project promoter	Project partners	Approval date, duration of project	Total eligible expenses, EUR	Programme financing, EUR	Project promoter co-financing EUR	Summary/Objective	Implementati on place	Contacts
Project No. 2/EEZLV02/14/GS/044 Contract No. 2/EEZLV02/14/GS/044/011 24.04.2015.	Establishment of Educational Module on "Climate Change" in the University of Liepaja	University of Liepaja	-	1.04.2015./24.04.2015. - 30.04.2016.	112 143,00	95 321,00	16 822,00	The aim of the project is a fully developed and approbated educational module „Climate Change”, that includes an overview of the theoretical basis on climate change processes in the nature and human impact on it, and also description of laboratory tasks.	Liepaja, Latvia	Māra Zeltina, Tel.+371 63407735, marazeltina@liepu.lv
Project No. 2/EEZLV02/14/GS/002 Contract No. 2/EEZLV02/14/GS/002/018 04.06.2015.	The language of climate	NGO "Latvian 4H club"	Bioforsk, the Norwegian Institute for Agricultural and Environmental Research (Norway), Latvian Fund for Nature (Latvia)	10.04.2015./04.06.2015. - 30.04.2016.	121 601,48	109 441,33	12 160,15	The aim of the project is to increase the knowledge and expertise of the society and particularly school children in the field of climate, climate change and adaptation to the climate change. An information campaign regarding climate change and adaption will be implemented.	Latvia	Gunta Kalvāne, Tel.+371 28665753, gunka.kalvane@gmail.com
Project No. 2/EEZLV02/14/GS/007 Contract No. 2/EEZLV02/14/GS/007/015 05.05.2015.	Evaluation of the social economical values of the impact of the climate, adaptation of the climate changes and possibilities of adaptation in apartment quarters in Riga and Latvia	Riga Municipal Agency "Riga City Architect's Office"	Riga Stradiņš University (Latvija)	17.04.2014./05.05.2015. - 30.04.2016.	136 000,00	115 600,00	20 400,00	The aim of the Project is to develop scientific research about the socio-economical values of impacts of the climate changes and the flexibility of the adaptation to the climate changes in the apartment quarters in Riga and Latvia.	Latvia	Iļvars Metnieks, Tel.+371 67026721, rpab@riga.lv
Project No. 2/EEZLV02/14/GS/006 Contract No. 2/EEZLV02/14/GS/006/012 22.04.2015.	Enhancing Society's Understanding about Climate Change Effects on Lakes in Latvia	Foundation "Institute for Environmental Solutions"	Latvian Institute of Aquatic Ecology (Latvia)	02.04.2015./22.04.2015. - 30.04.2016.	86 857,00	78 171,00	8 686,00	The project aims to investigate the impact of intensive blue green algae blooming on the chosen demonstration lakes` ecosystem functioning, stability and biodiversity, and to inform local municipalities and different social groups on the outcome of the project.	Latvia	Matīss Žagars, Tel.+371 29218057, matiss.zagars@videsinstituts.lv
Project No. 2/EEZLV02/14/GS/039 Contract No. 2/EEZLV02/14/GS/039/017	Renovation impact on climate change and energy efficiency habits of residents	The Building and Energy Conservation Bureau	Community-Based Natural Resource Management Networking (Norway), Riga Technical university (Latvia)	21.04.2015./19.05.2015. - 30.04.2016.	82 767,00	74 490,00	8 277,00	The study aim is to develop specific recommendations to policy makers in order to improve and facilitate the decision-making process model in the multifamily residential buildings population in the pre-renovation period; and to carry out an analysis about the use of contracts for the renovation process between citizens and service providers, or renovation implementers.	Latvia	Kristaps Zvaigznītis, Tel.+371 29117126, birojs@ekubirojs.lv
